

SACHIN S BALLARI MULIMANI

sachinballari061@gmail.com | +91 9019120846 | Dharwad, Karnataka | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Third-year Electronics and Communication Engineering student with hands-on experience in embedded systems, IoT, AI-based computer vision, Raspberry Pi, sensor interfacing, and hardware-software integration. Skilled in Python, C, Embedded C, Verilog HDL, YOLOv8, OpenCV, and electronics development tools. Experience in UI/UX design, technical project development, leadership, team coordination, photography, videography, and digital content initiatives.

TECHNICAL SKILLS

Programming: Python, C, Embedded C, Verilog HDL

Embedded Systems: Raspberry Pi, 8051 Microcontroller, Sensors, IoT, Circuit Design

AI & Computer Vision: YOLOv8, OpenCV, PyTorch Basics

Electronics & Simulation: Proteus, MATLAB, Xilinx, Cadence, Keil µVision

Design: Figma, UI/UX Design

Developer Tools: VS Code, Git, GitHub

PROJECTS

AI-Based Smart Camera for Suspicious Activity Detection

- Developed an AI-powered surveillance system using Raspberry Pi 4, YOLOv8, OpenCV, and PyTorch for real-time suspicious activity detection.
- Implemented automated Telegram alerts to communicate detected suspicious activity.
- **Technologies:** Python, Raspberry Pi 4, YOLOv8, OpenCV, PyTorch, Telegram Bot API

Smart Navigation Stick for Visually Impaired

- Developed a smart navigation stick using Raspberry Pi, GPS, and ultrasonic sensors for real-time obstacle detection and navigation assistance.
- Integrated embedded hardware and software components for indoor/outdoor navigation support.
- **Technologies:** Python, Raspberry Pi, GPS, Ultrasonic Sensors, IoT

Traffic Light Simulator using 8051 Microcontroller

- Designed and simulated a traffic signal controller using the 8051 microcontroller in Proteus.
- Applied embedded-system concepts using Embedded C and Keil µVision.
- **Technologies:** Embedded C, 8051, Proteus, Keil µVision

Clap Switch Circuit

- Built a sound-activated LED control circuit using a microphone sensor and electronic components.
- **Technologies:** Analog Electronics, Transistors, Electronic Circuit Design

EDUCATION

SDM College of Engineering and Technology, Dharwad, Karnataka

B.E. in Electronics and Communication Engineering | Nov 2023 – Jun 2027

JSS PU College, Dharwad, Karnataka

PUC (Pre-University Course)

JSS Public School, Dharwad, Karnataka

SSLC (Secondary School Leaving Certificate)

LEADERSHIP & EXPERIENCE

Media Team Lead – SDMCET Dharwad | 2023 – Present

- Led and coordinated the college media team for major technical and cultural events.
- Managed event promotions, photography, videography, and digital content strategy.
- Collaborated with teams on branding, visual design, and social media growth.
- Handled creative planning, task distribution, and event execution.

GITHUB PROJECTS

SachinBallari/sachfraames-portfolio – Professional videography and photography portfolio

SachinBallari/Nike-Clone-Website – Modern premium e-commerce website

CERTIFICATIONS & ACHIEVEMENTS

- **Best Designer – FIGMAVERSE Workshop** | QWERTY.I/O & SDMCET Dharwad, 2023 – Recognized as Best Designer in a UI/UX design workshop using Figma.
- **Python Workshop – AI in 50 Lines of Code** | Google Developer Student Clubs (GDSC), SDMCET Dharwad | October 6, 2023
- **AI Tools Workshop** | be10x | October 15, 2023 – Completed a practical workshop on AI tools and real-world applications.
- **Cloud Mania: Cloud Services & Containerized Web App Deployment** | GDSC, SDMCET Dharwad | November 3, 2023
